

PERTH REGISTRATION PLATE SURVEY

TABLE 1.1: EXTERNAL TO EXTERNAL

Description: Trips entering and exiting the outer cordon from the external area (passes directly or via the central area).

Comments: Includes trips undertaken by more than five vehicles, although also includes some other routes which pass the bridges for information.

Includes trips entering and exiting via the same site

Trips shown in grey and in italics are routes (ie vehicle passes more than one site)

No right turn at Site 13 towards Site 5. Weight restriction at Site 12 (7.5 tonnes)
