

A New RTS for the Tactran partners
Scoping Challenges and
Opportunities

Partnership Meeting

15th September 2020

v1.3

Why write a new RTS now?

- The world has moved on significantly since the 2015 RTS Refresh. We now need to consider the impacts on the Region of:
 - [Climate Change Emergency](#) and [Fairer Scotland](#) duties
 - City Deals and national and regional transport and land use strategy reviews
 - The impacts of Covid 19
 - Opportunities e.g. Transport Act (Scotland) 2019
- NTS2 initiated a conversation re roles and responsibilities

Process / Indicative Timescales

Scoping challenges and opportunities	<p>Discuss challenges and opportunities to inform a 'Draft Main Issues Report'</p> <p>(1) Today: Start scoping social, environmental and economic priorities</p> <p>(2) <i>Sept-Dec</i>: Detailed discussion with officers and members of:</p> <ul style="list-style-type: none">• The transport implications the social, environmental and economic priorities for the region• The strengths and weaknesses of the transport and infrastructure plans (<i>e.g. RTS / LTSS</i>) <p>(3) <i>Dec</i>: Bring a 'Draft Main Issues Report' to Board in December for discussion</p> <p>(4) <i>Early 2021</i>: issue a 'Main Issues Report' for formal consultation</p>
<i>Setting objectives</i>	<i>Spring 2021: Consider responses to 'Main Issues Report' consultation, set objectives</i>
<i>Option identification</i>	<i>Spring-Summer 2021</i>
<i>Option appraisal</i>	<i>Summer-Autumn 2021</i> <i>Autumn-Winter 2021: Draft Plan</i>

What are the social, environmental and economic priorities for the region?

- What are the significant transport implications for the region of?
 - National Transport Strategy 2020 priorities
 - The social, environmental, economic strategies that shape partner activity
 - The new travel demands arising from development plan growth aspirations
- Are there significant economic, environmental and social issues in the region that are not covered by the above?

National Transport Strategy 2020

Reduces inequalities

- Will provide fair access to services we need
- Will be easy to use for all
- Will be affordable for all

Takes climate action

- Will help deliver our net-zero target
- Will adapt to the effects of climate change
- Will promote greener, cleaner choices

Helps deliver inclusive economic growth

- Will get people and goods where they need to get to
- Will be reliable, efficient and high quality
- Will use beneficial innovation

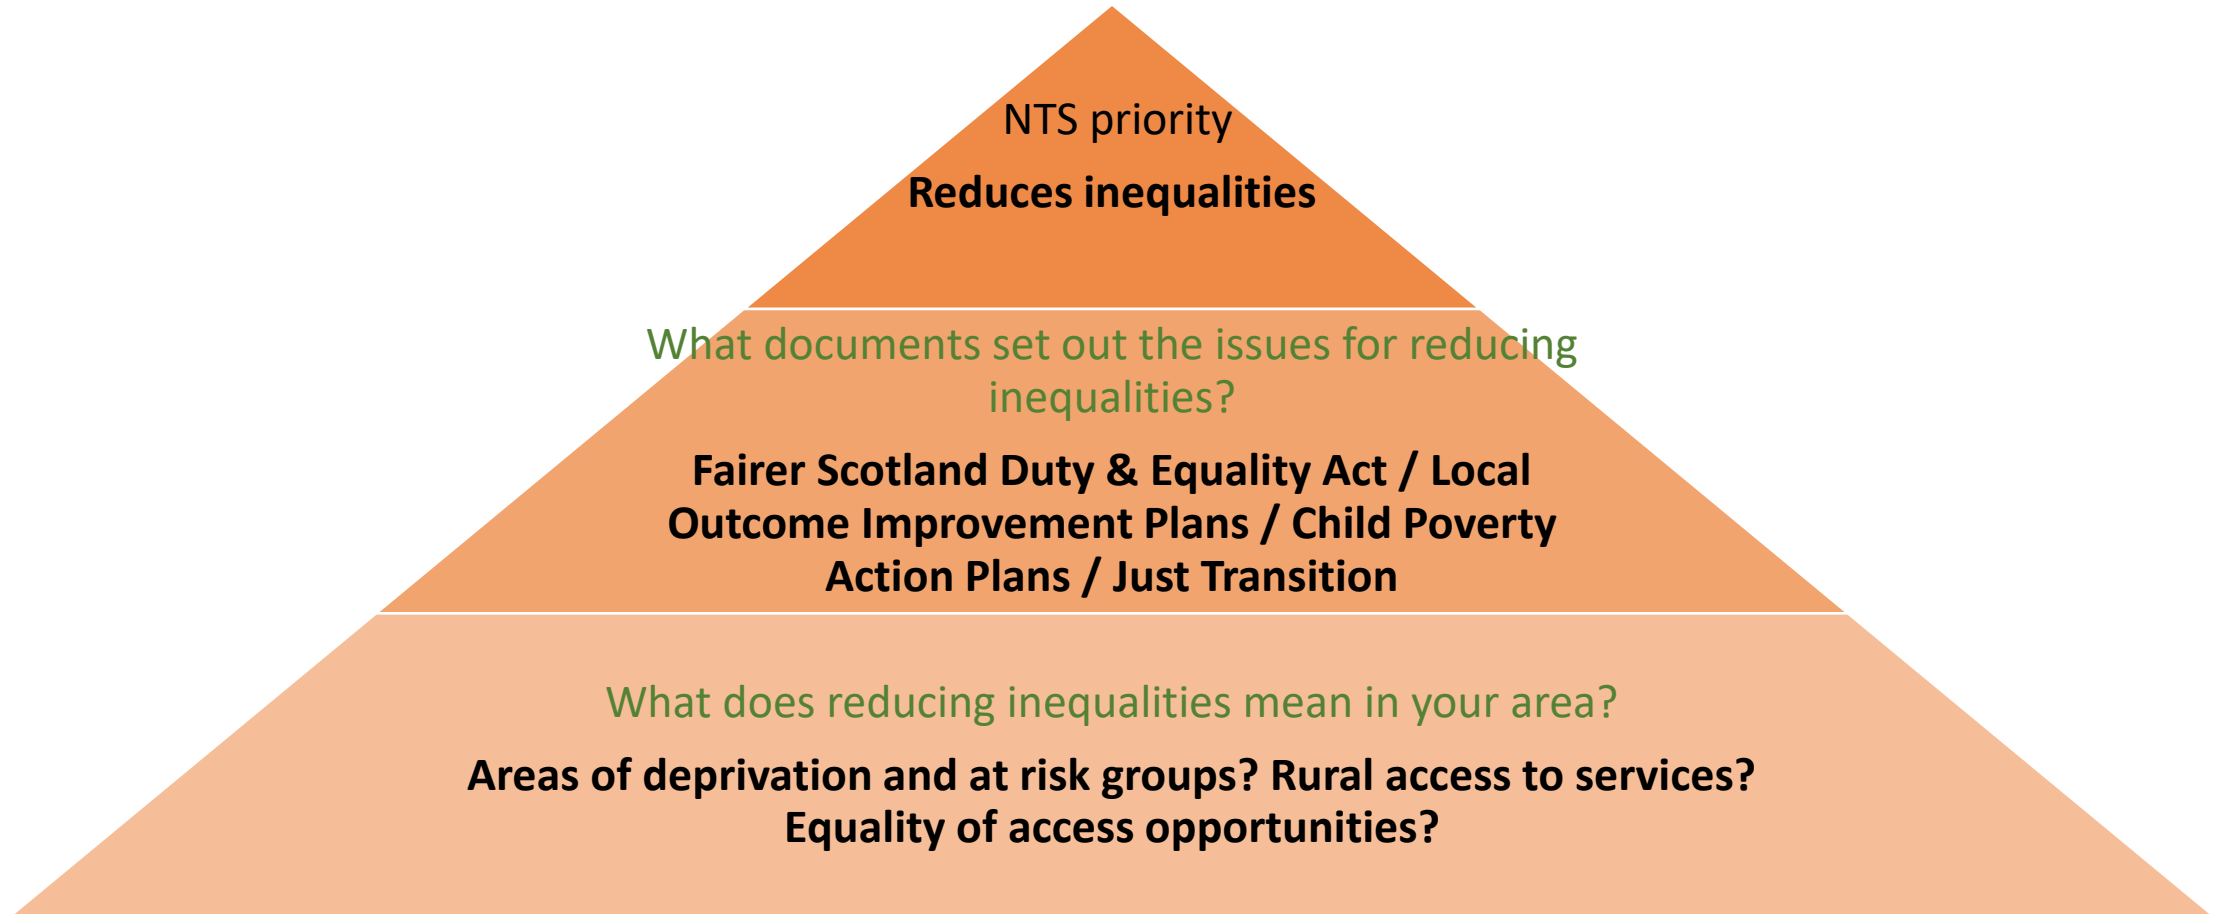

Improves our health and wellbeing

- Will be safe and secure for all
- Will enable us to make healthy travel choices
- Will help make our communities great places to live

What are the implications of these priorities for the region?

What are the social, environmental and economic priorities for the region?

Inequalities

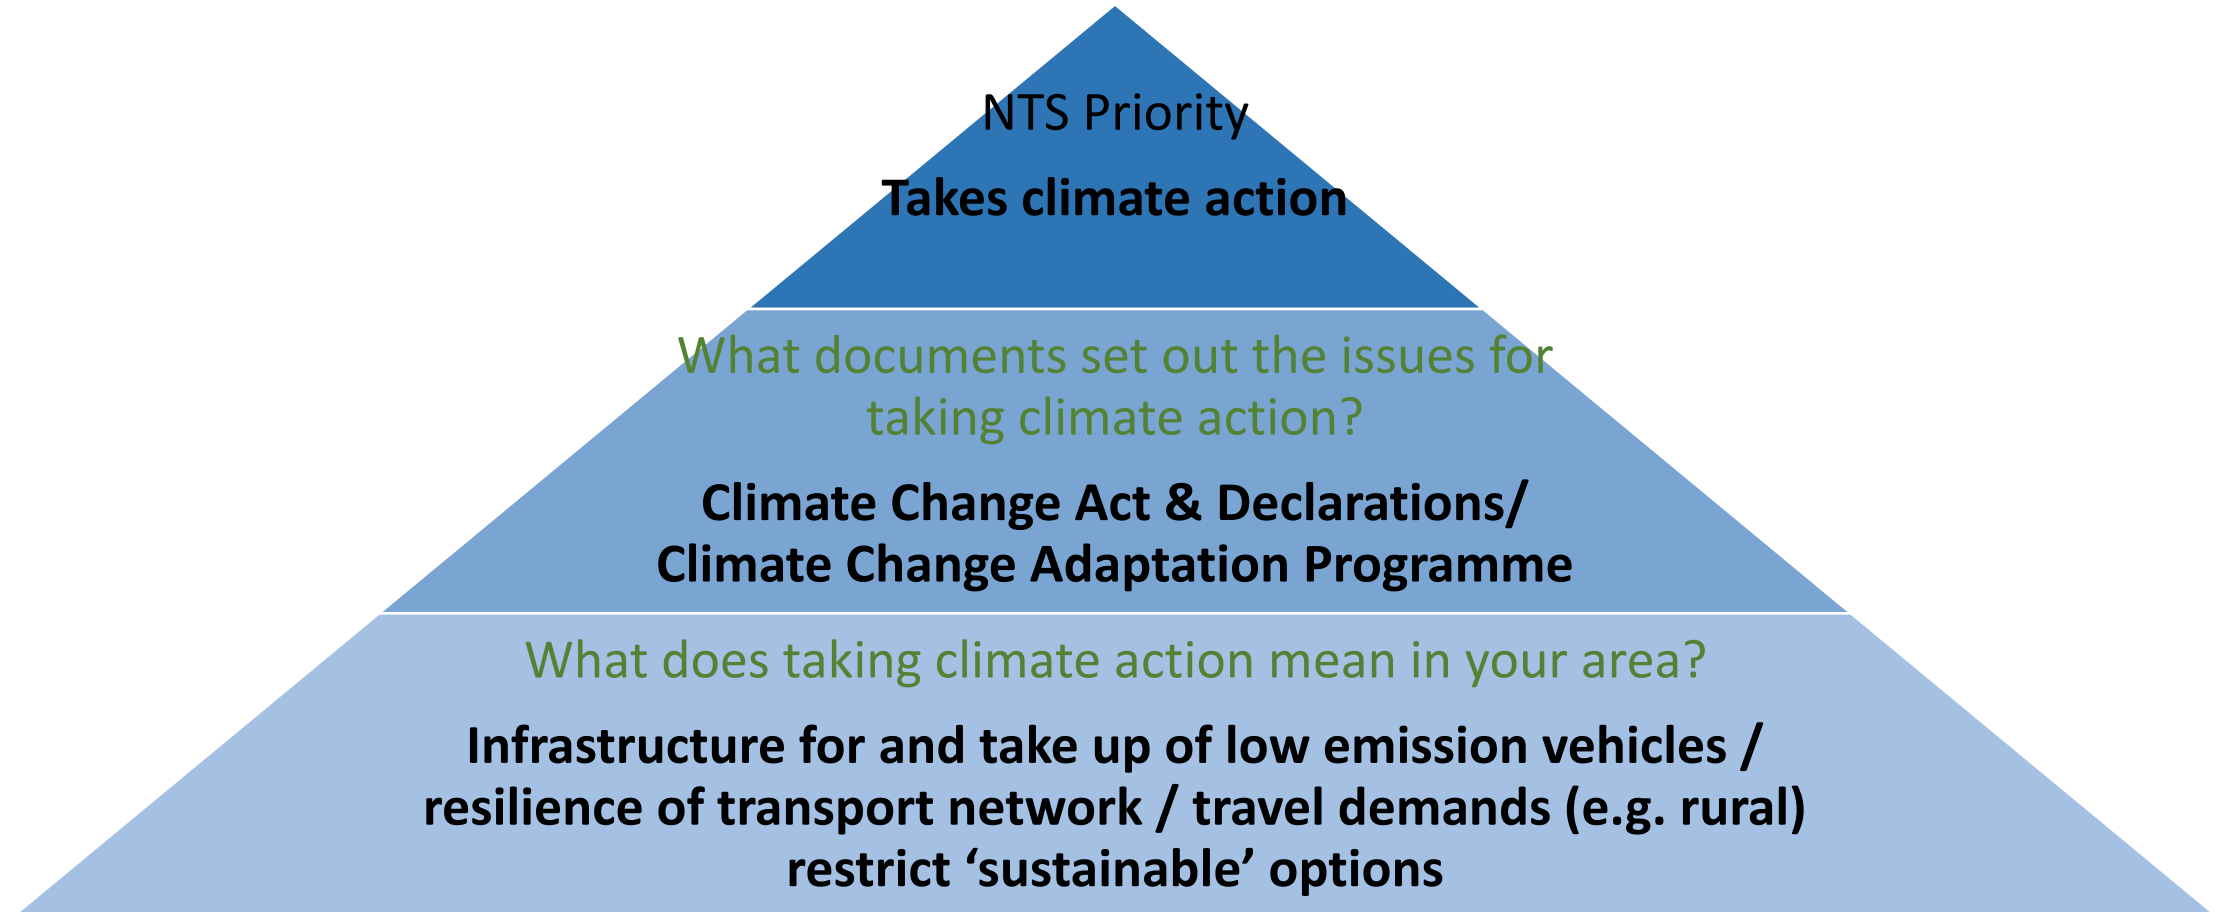

What does reducing inequalities mean in your area?

For example:	Priorities for reducing inequalities / transport implications			
Are there particular issues with?	Angus	Dundee	Perth and Kinross	Stirling
Areas of deprivation? / At risk groups?				
Ability to access services and education? Where do people struggle travelling from/to?				
Barriers to access (travel choices/costs)?				
Issues for people with mobility difficulties to use the transport network?				

What are the social, environmental and economic priorities for the region?

Climate Action

What does taking climate action mean in your area?

For example:	Priorities for taking climate action / transport implications			
Are there particular issues with?	Angus	Dundee	Perth and Kinross	Stirling
Infrastructure for, and take up of, low emission vehicles				
Take up of sustainable transport Where people need to travel may restrict 'sustainable travel' options (e.g. in rural areas)				
Resilience of transport network to adverse weather				

What are the social, environmental and economic priorities for the region?

Inclusive economic growth

What does delivering inclusive economic growth mean in your area?

For example:	Priorities for economic growth / transport implications			
Are there particular issues with?	Angus	Dundee	Perth and Kinross	Stirling
Growth sectors / locations?				
Does the transport network constrain the economy?				
Connections to Scotland's cities				
Ensuring access to jobs and training				

What are the social, environmental and economic priorities for the region?

Health and wellbeing

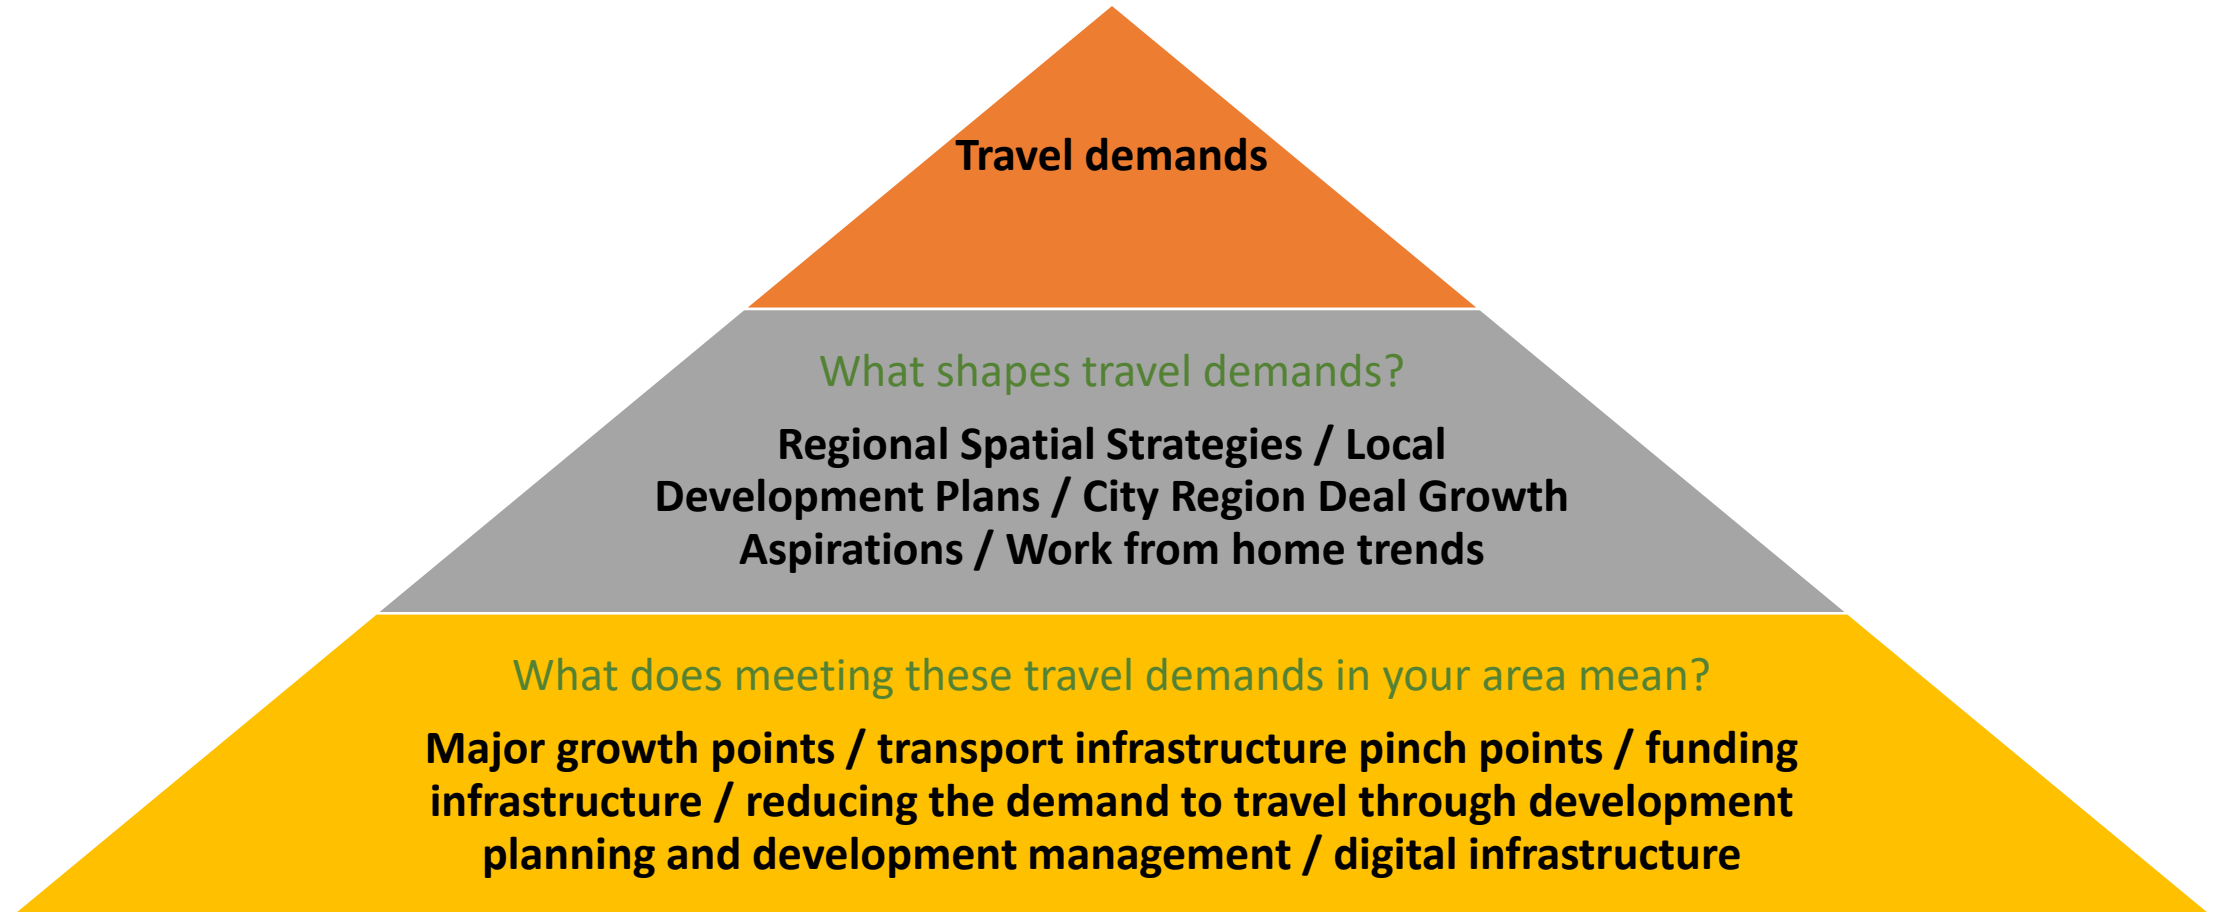

What does improving health and wellbeing mean in your area?

For example:	Priorities for health and wellbeing / transport implications			
Are there particular issues with?	Angus	Dundee	Perth and Kinross	Stirling
Areas of poor health? Barriers to active lifestyles?				
Areas with air quality problems?				
Areas with problems of transport noise?				
Problems with access to health services?				
Road safety problems?				

What are the social, environmental and economic priorities for the region?

What are the significant new travel demands?

What are the significant new travel demands in your area?

For example: Are there particular issues with?	Where are the significant new travel demands? / what are the transport implications?			
	Angus	Dundee	Perth and Kinross	Stirling
Major growth points?				
Transport pinch points?				
Ability to fund infrastructure?				
Ability to reduce travel through development planning and management?				

Summary

Today

- Started scoping regional priorities for:
 - Reducing inequalities
 - Taking climate action
 - Helping deliver inclusive economic growth
 - Improving health and wellbeing

Next steps

- Circulate scoping notes
- Undertake detailed discussion with partners of:
 - the transport implications of the economic, environmental and social priorities
 - the strengths & weaknesses of the transport and infrastructure strategies
- Bring a 'Draft Main Issues Report' to December Board for discussion

Thank you
